

2020 Primary Elections - 2nd Amendment Voter Guide

Congress, State Senate, State Assembly and Clark County Races

This document is not representative of any organization or club. This is the personal OPINIONS of a couple of hardcore liberty-minded 2nd Amendment voters. While we make reference to ratings from organizations like the NVFAC-PAC, NRA, GOA, etc, We are just aggregating the data from those sources to make your decision process easier. This document is not anything official. We put it together to try and help our families, friends and neighbors to make a slightly more informed voting decision. We know how hard it is to figure out who the heck some of these people are, and whether they even remotely represent your values. If you have any information to add to this document about a candidate, let us know by email at nv2ndamendment@gmail.com.

Generally speaking, we don't support anyone willing to self-identify as a Democrat, and do not analyze their races in the primary, as we hope anyone reading this is not a registered Democrat. With that said, some non-partisan races might have only Democrats running. Wherever possible, we will try to identify the least bad.

If you are an Independent you can vote in the primary for ONLY the NON-PARTISAN RACES

D = DemocrATS; I = Independent American Party; L = Libertarian; R = Republican; NP = No Political Party

Has a lot of baggage from the 2015 session. He supported the Commerce Tax, and was connected with wiretaps against other more conservative legislators. Accusations against him were along the lines that he solicited others for payoffs to get his support for their agenda. Note that these accusations were not fully fleshed out to the best of our knowledge, and he has already been re-elected once since then. Your mileage may vary.

NRA RATINGS:**A+**

A legislator with not only an excellent voting record on all critical NRA issues, but who has also made a vigorous effort to promote and defend the Second Amendment.

A

Solidly pro-gun candidate. A candidate who has supported NRA positions on key votes in elective office or a candidate with a demonstrated record of support on Second Amendment issues.

AQ

A pro-gun candidate whose rating is based solely on the candidate's responses to the NRA-PVF Candidate Questionnaire and who does not have a voting record on Second Amendment issues.

B

A generally pro-gun candidate. However, a "B" candidate may have opposed some pro-gun reform or supported some restrictive legislation in the past.

C

Not necessarily a passing grade. A candidate with a mixed record or positions on gun related issues, who may oppose some pro-gun positions or support some restrictive legislation.

D

An anti-gun candidate who usually supports restrictive gun control legislation and opposes pro-gun reforms. Regardless of public statements, can usually be counted on to vote wrong on key issues.

F

True enemy of gun owners' rights. A consistent anti-gun candidate who always opposes gun owners' rights and/or actively leads anti-gun legislative efforts, or sponsors anti-gun legislation.

?

Refused to answer the NRA-PVF Candidate Questionnaire, often an indication of indifference, if not outright hostility, to gun owners' and sportsmen's rights.
