I spoke to Tom, he is a recently retired Metro Captain; he does not support permit-less carry as he has the belief the training for a CCW is important but saw that the difference between putting a t-shirt over a handgun with a permit vs Open Carrying really doesn't change much. He is not very aware of the burden of regulations in NV but says he is for smaller government. No candidate is ideal but he is far better than a democrat.

Very progressive anti gunner

Cadish answered a question from the conservative group, Citizens for Responsible Government, during the 2008 campaign. The actual handwritten answer is posted at right. "I do not believe this is a constitutional right," Cadish wrote. "Thus, I believe that reasonable restrictions may be imposed on gun ownership in the interest of public safety. Of course, I will enforce the laws as they exist as a judge."

Seat F

NONE OF THESE CANDIDATES - Abbi Silver a liberal justice is running unopposed for this seat so just vote None of these candidates.

BALLOT QUESTIONS

Question #1 = NO – intention is good but there is a lot of where funding is coming from California with criminal allegations against him and he has financial interest in private prisons. PLUS the wording is VERY subjective and who will define the specifics?

Question #2 = NO – I am against most taxes but this is playing favorites on 50% of the population. Lets have a more meaningful discussion on tax exempt products.

Question #3 = NO means no change. This means we can revisit it later. The money to pass this is coming from companies that are going to benefit themselves not Nevada as a whole. I love competition but this is a state amendment which I'm against. So a Yes might not be good of us but a No doesn't change anything. Let them have another go at this next time.

Question #4 = YES – it is essentially beneficial to everyone, like food products. I am concerned with it being a constitutional amendment but it seems to be a good cause as all Nevada might benefit from it, especially the most vulnerable.

Question #5 = NO – ABSOLUTELY NOT. This is a leftist attempt to get as many uninformed voters on the rolls as possible.

Question #6 = NO – ABSOLUTELY NOT. The state constitutional should not be amended trivially. This will mean a rising cost of electricity.

NRA RATINGS:**A+**

A legislator with not only an excellent voting record on all critical NRA issues, but who has also made a vigorous effort to promote and defend the Second Amendment.

A

Solidly pro-gun candidate. A candidate who has supported NRA positions on key votes in elective office or a candidate with a demonstrated record of support on Second Amendment issues.

AQ

A pro-gun candidate whose rating is based solely on the candidate's responses to the NRA-PVF Candidate Questionnaire and who does not have a voting record on Second Amendment issues.

B

A generally pro-gun candidate. However, a "B" candidate may have opposed some pro-gun reform or supported some restrictive legislation in the past.

C

Not necessarily a passing grade. A candidate with a mixed record or positions on gun related issues, who may oppose some pro-gun positions or support some restrictive legislation.

D

An anti-gun candidate who usually supports restrictive gun control legislation and opposes pro-gun reforms. Regardless of public statements, can usually be counted on to vote wrong on key issues.

F

True enemy of gun owners' rights. A consistent anti-gun candidate who always opposes gun owners' rights and/or actively leads anti-gun legislative efforts, or sponsors anti-gun legislation.

?

Refused to answer the NRA-PVF Candidate Questionnaire, often an indication of indifference, if not outright hostility, to gun owners' and sportsmen's rights.
